

Domestic Violence Awareness

Domestic Violence Vigil and Awareness Forum *(Hosted by Crescent House Healing and Empowerment Center)*

October 26, 2006

4:00 pm-6:30 pm

Steps of New Orleans City Hall

The event will include speakers, domestic violence information and a display of the "The Clothesline Project."
This year's theme is "Not in My Home, Not in My City" focusing on how we as a city can take a zero tolerance position in regards to domestic violence within our community.

Crescent House will honor Representative Cheryl Gray, for her outstanding support and commitment in advocating for domestic violence survivors.

Following the speaker portion of the event, we will transition into a vigil.
This is in observance of those who have been killed in Louisiana this year as a result of domestic violence.

Crescent House Healing & Empowerment Center

Serving survivors of domestic violence and sexual assault.
